PDF Exhibit Helper is an application that helps you create legal exhibits from PDFs.

Icon	Key	Description
	Ctl-F	Navigates through folders and opens the selected one.
	Del	Removes a PDF from the list without actually deleting it.
	Ctl-R	Creates report about the PDFs.
	Ctl-3	Adds or removes serial numbers from the PDFs' file names.
	Ctl-E	Conforms all pages to 8.5x11 size, shrinking when necessary.
	Ctl-H	Creates custom exhibit cover pages or slipsheets.
	Ctl-2	Pads PDFs with blank pages to ensure printing in whole pages.
	Ctl-T	Removes the first or last or both pages.
